

WATER POLO EUROPEAN CHAMPIONSHIPS

UNDER 19 YEAR OLDS JUNIOR BOYS

CANET EN ROUSSILLON FROM 02 TO 09 SEPTEMBER 2012

CANET EN ROUSSILLON

Located in the extreme south of France, where the Mediterranean meets the Pyrenees, Canet is one of these places which have managed to survive time without ever losing its character. A mere 12 km from Perpignan, it is the 2nd largest town in the department and at the heart of the dynamic Montpellier – Toulouse – Perpignan triangle. Canet is a town which has never lost its natural charm despite having made a name for itself on the Roussillon coast as a seaside resort, a Catalan village and a home to fine food and traditions. Mindful of its past yet also firmly focussed on the future, Canet is as much a venue for top sporting competitions as it is a place for taking it easy in the sunshine. You can stroll along the seafront but also take a trip back through time as you explore the remains of its château. Welcome to Canet, a place in the sun, lapped by the waves of the Mediterranean...

A CHAMPION'S SWIMMING POOL

Canet, home of champions? You'd better believe it. And what a long way Canet has come since its Olympic pool was built in 1989! There are so many memories associated with the town, starting with Laure Manaudou who used to train up and down the pool. Not forgetting all the prizes that the town has won, and all those top flight athletes who have gloriously represented it. Over the last few years, the swimming club has won more than 70 individual gold medals in French interclub championships and 6 gold medals in the French interclub championships with 11 swimmers being selected for the various Olympics over the years. Quite an achievement which points to a real thirst for excellence, but also to a little something else which makes all the difference. Is it because of the deep blue skies overhead? Or that beaming sun? Or the sea all around? Whatever it is, Canet is where champions are made. Because not only does it have an all-year round heated outdoor pool, Canet can also boast a real sports complex, with a weights room, spa, sauna and a new 25 metre indoor pool. In a word, everything you could possibly need for making the dreams of future talent come true...
